Syllabus

Course Title	WEB DESIGN I

I. Introduction :

The Université Espoir Web Design I course is an introduction to web design. It emphasizes the fundamental language skills of reading, writing, speaking, listening, thinking, viewing, and presenting. Strong attention will be given on vocabulary development, correct pronunciation, and writing skills.

II. Objective:

The goal of this course is to teach you to build beautiful websites. After taking this course, the student will be able to:

- Use Canvas as another platform for your online study.

- Use Canva to create beautiful designs

- Examine what is most important to you in life and influence the way you approach your studies, your job, your family, and all aspects of life via Corma Deo's lessons

- Use WordPress to build a simple homepage.

- You will learn design principles and apply new knowledge to build a five page WordPress website.
